FRANKLIN G. ADAMS, Secretary.

Kansas State Historical Society.

Topeka March 15, 1879

William Lloyd Garrison,
51 Boston Mass.

Dear Sir: I take great pleasure in sending you a copy of the First Biennial Report of our Historical Society. Please accept it as evidence that those who now are endeavoring to gather up the materials of Kansas History bear in grateful remembrance those who were friends of Kansas during a period of trial when the cause of Kansas was the cause of human rights. We believe you will approve the work of our society because one of its cherished objects is that of collecting for preservation such materials as will enable future generations to rightly judge of the part which Kansas and the friends of Kansas took in the inauguration of that struggle which

ended human slavery in America.

Very Respectfully,
B. G. Addams,
Secretary.
